INSTRUCTIONS/INFORMATION SHEET FOR ENCROACHMENT EXHIBIT MAP

(Illustrate the proposed structure encroachment on a separate
8 ½" x 11" or an 8 ½" x 14" sheet)

PROVIDE THE FOLLOWING INFORMATION AND FORMAT ON YOUR ENCROACHMENT
DRAWING. DRAWINGS WITH MISSING INFORMATION OR NOT FORMATTED PROPERLY WILL
BE RETURNED TO THE APPLICANT FOR CORRECTION(S).

1. Drawn by: _____ Date: _____ Scale: _____
NOTE: Scale must be acceptable "Engineer's Scale" only (Example: 1" = 20'), and shown on drawing.
2. Lettering shall be legible and printed in Upper or Upper/Lower (combined) case, if not drawn as a computer generated map. No cursive lettering, printed only. (All line work shall be drawn with a straight edge.)
3. Dimension **ALL WORK**. Distances referencing the encroached item shall be a bearing/ distance from a known survey corner, property corner, or distances "up and over" from property/ right of way lines. Other methods will be considered as a last resort on a case-by-case review. Some examples are: distance from encroachment to property lines, curbs, sidewalks.
4. Show the main building adjacent to the encroachment with the address.
5. Show all associated street names pertaining to the encroachment and property.
6. Show true north arrow. If magnetic, identify it as such.
7. List or identify materials of the encroached structure; along with heights, widths, lengths, diameters, depths (for underground structures), etc.
8. Show the name of the person(s) who benefits from the encroachment and their address.
9. Show other related information pertinent to the encroachment.
10. A drawing submitted by a Surveyor registered in Oregon is acceptable. However, if information on the drawing needs to be added or changed and the drawing has been stamped, signed or sealed, the drawing must go back to that Surveyor for changes or additions before resubmitting to us.
