Sort

Sort crime in the list by type, date, or distance from the specified location.

Incidents

Here, you can see the details of incidents on the map, including crime type, date, and location.

Print

Print the crime detail list.

Map Layers

Click to see neighborhoods, or official law-enforcement areas.

Submit a Tip

Click to submit an anonymous crime tip to your local law enforcement agency.

Zoom

Zoom in and out.

Views

Toggle between views, just like Google Maps.

Marker

Click an incident marker to see more details about the crime.

Date Range

Choose a preset number of days, or choose a date range by clicking the calendar.

Print

Print the current map view.

The screenshot shows the CrimeReports website interface. At the top, there's a navigation bar with 'CrimeReports' and a search bar containing 'St. Petersburg, FL'. Below the search bar, there are filters for 'Days' (3, 7, 14, 30), 'Crimes', 'Hide Sex Offenders', and 'Map Layers'. The main area is a map of St. Petersburg, FL, with various crime markers. A popup window is open over a marker, showing details for a 'Theft' incident on 12/14/2010. The popup includes the address '1501 Block WFLH BLVD - AV N', the identifier 'CZ01002270', and the time '11:05:00'. It also provides a call type 'GRAND THEFT' and contact information for reporting the crime. On the left side, there's a 'Crime Details' sidebar with a 'Sort' dropdown menu and a list of incidents. At the bottom right, there are 'Map Tools' including 'Map', 'Satellite', 'Hybrid', and 'Terrain' views, and a 'Print' button.
