

"The nation which forgets its defenders will be itself forgotten." - Calvin Coolidge

The Veteran's Memorial Project has been funded almost entirely by private contributions. Support has come from community members, corporations and foundations, veterans groups, civic, fraternal, and professional organizations. But there is more work to be done. Your help is still greatly needed and always appreciated.

*....building an everlasting tribute
to honor those who served.*

The Veteran's Memorial Project

The City of Klamath Falls, in cooperation with Kingsley Field Air National Guard and local Veteran's organizations, continues to improve on the Veteran's Memorial Project located at downtown Klamath Falls, Oregon. This Memorial features a pavilion, war monuments and dedicated bricks; with each brick paying tribute to a military member and their service to our country.

Dedicate-A-Brick Campaign

By purchasing a brick for \$50 you can recognize a military member in the Veteran's Memorial. You will not only mark their place in history, but also help provide financial support to the Veteran's Memorial Project as a portion of the purchase price is placed in a perpetual care fund.

Your gift may be *tax deductible and will show your support to every visitor to the Veteran's Memorial. *Consult with your tax advisor.

Sponsor a brick today and leave a lasting legacy for yourself or family members. Please select a brick today and help us

"Pave the Way".
