2. DEDICATED INFRASTRUCTURE

City plan review, utility modeling, geo-tech review, inspection and construction supervision is based on the current hourly rate calculated by the City Finance Department and is paid on a monthly basis by the developer of the project or the individual who signed the Total Cost Recovery Payment Agreement with the City. The City will invoice the party responsible for payment after the 19th day of each month. Payment is due upon receipt. The following may occur for non-payment of an invoice: delay of design/construction plan City signature, delay of permit issuance and project stop work order. No project will be accepted by the City until all fees have been paid in full.

3. OTHER RELATED REVIEW FEES

1. TRANSPORTATION IMPACT STUDY REVIEW: \$1,000.00.
TRANSPORTATION ANALYSIS LETTER REVIEW: \$500.00.
2. VARIANCE REVIEWS FOR CITY ENGINEERING STANDARDS (per infrastructure): \$250.00.
